REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance for claims 1, 3-7, 9-11 and 13 is that applicant's claimed invention includes a liquid ejecting apparatus having at least one of the pair of unit fixing parts with a plurality of inactive parts incapable of performing piezoelectric deformation formed integrally with the active parts in the vibrator width direction as a part of each of the plurality of piezoelectric vibrators, where the piezoelectric material layers and the electrode layers are laminated perpendicularly to the nozzle plate. It is this limitation, expressed in the claimed combination not found, taught, or suggested in the prior art that makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Geoffrey Mruk whose telephone number is 571 272-2810. The examiner can normally be reached on 7am - 330pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Meier can be reached on 571 272-2149. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
